

January 18, 2016

Dear Chairman Lazarus and the Great People of Horry County,

I regret to inform you of the tremendously difficult decision that I have made to resign my position as Horry County Councilman for District 7, effective March 1, 2016. After much deliberation, this decision was made out of consideration to serve the best interests of my colleagues and constituents so that the citizens of District 7 will continue to have active representation on the Council.

I consider it a high privilege and honor to have served as Councilman of District 7 for the past 36 years. It has always been and will continue to be my passion to work collaboratively with the community and with the county governments on both the local and national levels to exchange innovative ideas for promoting better efficiency in administration, and to provide needed improvements in infrastructure, facilities, resources and community support.

I will always be grateful to my fellow councilmen, government support staff, and the citizens of this great District for their continued commitment to excellence, friendship, and support. I especially want to express wholehearted appreciation to my loving wife of 56 years, Jackie Frazier, for her steadfast dedication and support during my career in government service. I have strong confidence that the Horry County Government staff will continue the important work of our agency with the same commitment to excellence that has sustained us over the years.

Yours sincerely,

A handwritten signature in cursive script, appearing to read "J.R. Frazier".

Mr. James R. Frazier
