

REPAIR PERMIT REQUIREMENTS:

1. Completed building permit application
2. Zoning compliance
3. Written scope of work
4. Contractor information
5. If structural work is being done, engineer approval may be required
6. Building permit fees based on value and figured on Apx. B of 1997 SBC

MOVED STRUCTURES:

1. Completed building permit application
2. Engineered Foundation Drawings (2)
3. Site plan drawn to scale
4. Zoning compliance
5. Sewer or septic approval
6. Contractor information

DEMOLITION:

1. Completed building permit application
2. DHEC notification required (843) 448-1902
3. Stormwater approval (any land disturbance activity) (843) 915-5160
4. Building permit fee is \$50

WHEN PLANS ARE PREPARED AND READY TO SUBMIT FOR REVIEW, PLEASE DO THE FOLLOWING:

1. All completed building permit applications must first be taken to the Code Enforcement counter for verification of the tax map number and issuance of Zoning Compliance form. If work being done is a change of use (different type of business), two (2) sets of landscaping and site plans will be required to be submitted for review and approval. A permit application may be obtained at the office, down loaded at (<http://www.horrycounty.org/forms>) or call (843) 915-5090.
2. Submit two (2) complete sets of plans to the Code Enforcement Plans Expediter. These plans should include a floor plan drawn to scale showing all doors, windows, tenant separation walls, plumbing, electrical and mechanical changes. A completed permit application must accompany the drawings. If alterations include any site and/or parking changes, one (1) set of site and landscaping plans will also be required for Stormwater review and approval or exemption. For more information, call (843) 915-5160.
3. If structure is located in a flood hazard zone proof of elevation or a substantial improvement package may be required to be completed and submitted for review and approval by the flood plain manager in Code Enforcement. A copy of this package may be obtained from Code Enforcement.
4. Return the application to the permitting counter and pay plan review fee in advance.
5. Plans and fees will not be accepted by mail.

NOTE: All site plans must be drawn to an engineer or architectural scale.
(You can draw it yourself as long as it is to scale.)

PRIOR TO ISSUANCE OF A PERMIT, THE FOLLOWING DOCUMENTATION MAY BE REQUIRED, IF APPLICABLE:

1. Sewer receipt or waiver from sewer authority or septic approval from DHEC
2. General Contractor's License (if value of construction is \$5,000 or more).
3. Notarized Letter of Authorization from license holder (if general contractor is required and anyone other than license holder obtains permit)
4. Murrells Inlet/Garden City Fire District Approval, if construction is within this district. Call (843) 651-5143 for more information.
5. Notarized letter of authorization for permit from property owner of record.

GENERAL INFORMATION:

1. Allow 20 working days for the review process. Plans are reviewed numerically as logged. Please do not expect an on-the-spot review.
2. Permit fees will be determined only at the time the permit information is entered into the computer. To help you with planning, the following fees apply:
 - a. Renovation of an existing building is based upon the value of construction and is calculated by the Appendix B of the 1997 SBC Code.
 - b. If construction is in the Murrells Inlet/Garden City Fire District, an additional fire impact fee will be charged. This amount is based on the value of construction and can be determined by calling the Murrells Inlet/Garden City Fire Department at (843) 651-5143 with the current market value of construction.
 - c. A zoning fee will be charged for new construction or for renovations. For a schedule of zoning fees, contact the Zoning Department at (843) 915-5490.
3. A sprinkler permit must be obtained separately. Submit sprinkler drawings to the SC Fire Marshal for review and allow a minimum of thirty days for a review and allow time for corrections to the drawing if any are required. For additional information, you may contact the SC Fire Marshal's office at (803) 896-9800. Submit state approved sprinkler drawings to HC Code Enforcement for head count and permitting. Sprinklers not approved on time may delay your final inspection and the certificate of occupancy.
4. An application for a permit for any proposed work shall be deemed to have been abandoned 180 days after the date of filing, unless such application has been pursued in good faith or a permit has been issued; except that the building official is authorized to grant one or more extensions of time for additional periods not exceeding 90 days each. The extension shall be requested in writing and justifiable cause demonstrated.

PREPARING PLANS FOR SUBMITTAL

If area being remodeled is an Assembly, Educational, Institutional, or Hazardous use, or 5000 sq. ft. or more, plans must be prepared by a SC design professional.

The following applicable codes have been adopted and are currently in use by Horry County and should be referenced:

2006 International Building Code 2006 International Mechanical Code
2006 International Fire Code 2006 International Plumbing Code
