**OLD/NEW BUSINESS:**

**Discussion on a request from the City of Conway to swap parcels of land with the county.** Chairman Gilland explained the issue was to enter into an agreement with the City of Conway to swap properties located at the intersection of Elm and Laurel Streets if the City agreed to make drainage improvements on Second Avenue in front of the county building/parking lot and at the Public Safety Building located on Highway 701. Mr. Worley requested a report on the value of the properties. Mr. Boyd moved to approve an ordinance on first reading by title only and refer the matter to the I&R Committee to review the drainage issues and property values, seconded by Mr. Lazarus. Mr. Steve Thomas, Conway City Administrator, explained the city’s request and illustrated the location of the properties. If the swap could be effectuated, the City would offer the property to a developer who planned to construct a restaurant. Mr. Worley requested copies of the OCRM permit and the letter from the Corps of Engineers indicating approval of the building construction.
Mr. Foxworth reminded the Chairman that the issue of passing First Reading by title only of an ordinance addressing this matter was not on the advertised and approved agenda, therefore the motion to approve first reading was inappropriate. Mr. Worley objected to moving forward with a vote for first reading because the matter was posted as discussion only. Mr. Weaver reminded Council that precedence had been set at previous meetings that allowed a discussion item be brought forward as a first reading vote. Chairman Gilland ruled that an advisory vote would be taken on moving the matter forward for first reading at the October 5th council meeting with deferral to the I&R Committee. The vote was as follows:

**Discussion on Myrtle Beach Bike Rallies.** Mr. Foxworth spoke briefly about a third bike rally being planned for the Grand Strand. He stated the Administration Committee would revisit the vendor permits at its next meeting. Mr. Lazarus requested the committee look at issuing permits after Mother’s Day weekend. Mr. Ryan requested Council look at increasing vendor fees and reducing the number of days, as well as restrictions on the number of vendors within sectors. He also requested they review the noise ordinance and enforcing it. Chairman Gilland stated they would be meeting in late October or November to determine the dates for the next few years and would try to shift to provide a week between the rallies.

**Status Report on Postal Way.** Mr. Gosnell reported that the majority of the property owners were willing to move forward with the potential of gifting the right-of-way. Staff requested a letter to that affect in which the property owners were circulating.

**Progress Report on Emergency Access in Subdivisions.** Ms. Carter reported that the LDR Committee was considering the problems and had a subcommittee that specifically addressed the issue on September 8th. There were three options available to them. The subcommittee recommended they eliminate the option to provide emergency access in that it hadn’t worked well in several instances.

**Report on meeting with Congressional leasers in Washington, DC.** Chairman Gilland reported on the meetings in Washington seeking funding for the Airport terminal and I-73.
