Resolution R-17-05 to affirm the zoning on property owned by Clemson University. Mr. Grabowski moved to approve, seconded by Mr. Hardee. Mr. Ryan questioned why a resolution format was being used rather than a three-reading ordinance. Ms. Janet Carter, Planning Director, explained that either format could be used but the timing for an ordinance could interfere with the sale of the property. She further explained that the entire 285-acre tract had been incorrectly zoned Highway Commercial in 1997 and Clemson University wanted assurances that this classification would prevail. The zoning classification was contingent on the sale of the property to The Jackson Companies. Messrs. Steve Alger and Dennis Wade from The Jackson Companies made assurances that the property would be developed under the HC zoning. Mr. Stanson Thompson, from Clemson University, reiterated the importance of the current zoning to the sale of the property. Mr. Hardee moved to call for the question, seconded by Mr. Grabowski. The motion to approve passed. The vote was as follows:
