OLD/NEW BUSINESS:

Mr. Weaver requested to defer the nomination of Chad Hatley to the Planning Commission until the September 15th meeting. The motion passed.

Mr. Weaver explained that at the last meeting, Mr. Henry Williamson was appointed to the Airport Advisory Committee by Mr. Allen. It was later discovered that Mr. Williamson resided in Mr. Frazier’s district, rather than in Mr. Allen’s district. Mr. Frazier has nominated Mr. Williamson to represent his district; Mr. Allen has nominated Kevin Johnson to represent District 11. There was unanimous agreement by Council.

Briefing on Nuisance Abatement in Myrtle Beach: Mr. Weaver stated he had been contacted by Mr. Ellenburg, Attorney for the City of Myrtle Beach, and was told of the problem they were having east of the waterway with vagrants, hobos and those that were homeless. The city government had taken it upon themselves to clear certain properties making it less appealing to those hiding out and camping. There were certain properties east of the waterway that were little donut holes that were not part of the city limits. They were surrounded by city limit property but were not within the city limits. When the city would take action to remove those situations the vagrants would simple go across the street or down the road into county properties over which they had no jurisdiction. The city has asked the county to agree to allow them to have jurisdiction for that purpose on those properties east of the waterway that were in the unincorporated areas so they could follow through with having the property owners clean up the properties and also take charge of the undesirables that were continuing to grow. He spoke with Mr. Whitten and Chief Morgan about it and they were both in agreement. It would be at no cost, no expense and no liability to the county. It seemed to the Public Safety people to be a rather appropriate and necessary cooperative effort. All that was necessary, since it was an agreement, was a motion and a vote and that would give him the authority to sign the agreement.
Mr. Barnard made a motion to defer, seconded by Mr. Grabowski. Mr. Worley moved that they defer the agreement to the Public Safety Committee and I&R Committee, seconded by Mr. Schulz. The motion passed. Mr. Foxworth and Mr. P. Prince voted nay. Ms. Gilland said the motion passed to defer and they would send it to both committees and then bring it back to full Council.

**Briefing on Horry County’s Emergency Operations Plan, including the role of County Council:** Mr. Whitten stated that one of the challenges to the EOC was how they provided services. They had embraced the National Incident Management System concept. Mr. Webster stated a comprehensive new approach had been put together to deal with emergencies. He gave an update on the organizational makeup of the EOC. They trained over 188 people from Horry County staff and surrounding agencies including non-governmental that would come in and support the center when it was activated. Mr. Weaver stated the role of Council was the same as the executive group. Mr. Whitten stated that Mr. Webster and his staff were also working on the H1N1 pandemic flu contingency plan.
