CHANGES TO THE AGENDA:

Mr. Schulz moved to add Resolution R-116-09 to the agenda, seconded by Mr. Barnard. Mr. Worley voted nay. Mr. Weave stated that the resolution was to appear not only on the last agenda, but also on the agenda before that, and for whatever reason, the Chairman decided it was not appropriate to add it at that time. Having reviewed the Council rules, it was his opinion that if a majority of Council decided to overrule the decision to have left it off the agenda and the one prior, if such a motion was made it could be added since it was a committee recommendation and should have moved forward in the normal course, and if Council decided by majority that it should be added, it could be done without unanimous approval. Chairman Gilland stated that it was going to be added by her, if not by Mr. Schulz. She held it off because she was in negotiations with Burroughs and Chapin over a land issue that was tied to the rollback taxes so with the verbal agreement that she had made with Mr. Tony Cox, she felt comfortable enough to add it but the agenda had already been set by the time they talked. The motion passed unanimously.

Mr. P. Prince requested to remove Ordinance 89-09 from the Consent Agenda.

Mr. Barnard moved to add under Announcements an announcement of an $8500 disbursement to the Garden City Community Association from his district recreation fund. There was no second to the motion but a vote was taken that passed unanimously.

Mr. Allen moved to add under Old/New Business a discussion on the Veteran’s Affairs Office. There was no second to the motion but a vote was taken that passed unanimously.

Mr. J. Prince moved to remove all three Executive Session items, seconded by Mr. Barnard. The motion passed unanimously. Chairman Gilland stated the items were taken off Executive Session and were now in open session.

Chairman Gilland stated the contractual matter under Executive Session that she wanted to speak about had been discussed and dealt with the multicounty business park and the rollback and requested that be removed. Mr. Barnard moved to remove the Contractual Matter, seconded by Mr. Frazier. Chairman Gilland stated the Legal Briefing on Contractual Matter would be in public by Mr. Weaver. Mr. J. Prince moved to remove the Personnel Issue, seconded by Mr. Worley. The motion passed unanimously.

Mr. Weaver requested that Ordinance 79-09 be removed from the Consent Agenda in that an amendment was necessary. He further stated that Ms. Wright requested that Ordinance 79-09 be considered immediately following Ordinance 78-09.

Mr. Weaver requested to add Third Reading of Ordinance 66-09 and Ordinance 67-09 to the Consent Agenda which dealt with the Coca-Cola multicounty business park and financing agreement. The property description, by way of a plat, was received that afternoon at 3:30 p.m. There was no motion made nor a second but a vote was taken that passed unanimously.
Mr. Schulz announced a recusal from voting on Ordinance 66-09 and Ordinance 67-09.

APPROVAL OF AGENDA CONTENTS: Mr. Schwartzkopf moved to approve the agenda as amended, seconded by Mr. Barnard. The motion passed unanimously.

Third reading and public review of Ordinance 72-09 amending the county code so as to provide further regulation of towing businesses and operations in the county. Mr. Grabowski moved to approve, seconded by Mr. Schulz. Mr. Grabowski moved to amend to the amended version as distributed at the meeting, seconded by Mr. Schulz. The motion to amend passed with Mr. Frazier voting nay. Mr. Carotti stated there were two differences which were additions to additions that were made at the Public Safety Committee at the request of the committee members. He stated the two changes were: In Section 120 there was an addition of an oil dry type product to the type of equipment that the wreckers on the County wrecker service rotation program had to have on the trucks. The only other addition to the other additions that was added by the committee members were if the fees needed to be adjusted in the future it could be done by a simple resolution of Council and didn’t have to go through a three reading ordinance. Mr. Carotti gave a brief review of the other modifications from the second reading version to the third reading version.

Richard Pate, Coastline Towing Co., spoke at public review in opposition to the ordinance and requested that it be worked on a little more before final reading. Mr. Loftus moved to add language to the ordinance to have a public hearing for the resolution relating to changing amounts of fees, seconded by Mr. Grabowski. The motion passed unanimously. Mr. P. Prince moved to defer to the Public Safety Committee. There was no second to the motion. Mr. Schulz requested that Ms. Wright run the towing fee numbers charged by the municipalities. Prince. There was no public review. Sam Ketter, financial advisor, spoke briefly on the updated savings numbers and stated they may have reached a point where it was an opportune time to give serious consideration to moving ahead with refunding transactions. Pat Apone, Airport, spoke briefly on the Airport bonds. The motion passed unanimously. (Mr. Grabowski was absent.)

Third reading of Ordinance 79-09 authorizing the issuance and sale of general obligation bonds not to exceed $12 million for two recreation centers and a library. Mr. Worley moved to approve, seconded by Mr. Frazier. Mr. Schwartzkopf moved to amend to the amended version as distributed, seconded by Mr. Grabowski. The motion to amend passed unanimously. The main motion as amended passed unanimously.

MBAFB TIF. Mr. Weaver stated the issue was whether the County would give over the $1 million pledge from the Redevelopment Authority for the aviation park infrastructure to the City of Myrtle Beach to use in bonding the infrastructure needs. Tom Leath, City Manager, stated that the City was very much in favor of the aviation park. Estimated costs for improvement at the park were in the $6 to $7 million range. All of the air base property was included in a TIF district and the improvements that were contemplated were not on the initial approved project list. The City was willing to amend the project list to include the necessary improvements at the park. The City would like to issue $3.0-$3.5 million in TIF revenue bonds to complete necessary improvements to Phase 1 on the property. The City did not have the capacity to put up a secondary pledge that was required of revenue bonds and asked that the County put up the secondary pledge to backstop the monies that were needed to do the County’s work on the aviation park.

Mr. Worley requested that the $500,000 that was previously allocated to the aviation park from the Atlantic Center fund be replaced in that fund.

Mr. Barnard requested that Mr. Weaver and Ms. Wright provide Council with a history of Council’s last discussion and vote on the TIF. He requested that Ms. Heizer provide some idea of the risk to the County if they were to participate. He asked for staff recommendation and requested that a workshop be scheduled.

Ms. Gilland stated she would schedule a workshop and requested that Mr. Leath present a history of what had been done and what was planned for the park. She requested that Ms. Heizer meet with Mr. Papadea to focus on the questions that he had about attracting tenants and filling the park.
