- III. PUBLIC COMMENT: None**

**IV. DIRECTOR'S REPORT:**

In addition to a thorough written report, Director Thornley reported:

- The proposal for the Conway Administration Building is not yet complete, but has exceeded the cost estimate of \$60,000. Approval of this funding from the Thompson bequest should be voted by Council on July 28.
- The training for RFID should be completed by next meeting. There are no firm dates as yet. 3 companies were evaluated, with Envisionware being the best fit for the library system. It's a good company, and came with strong recommendations from other libraries.  
The good news is the system came in under budget. Once it's installed, all new items will be fitted to the RFID.
- There has been no COVID diagnosis among staff in any library, although the Conway library closed out of an abundance of caution recently. The HCML system has led most other libraries in the country in terms of being open. People are being very careful, and the staff deserves a lot of praise.
- There are links on YouTube from the Horry County Memorial Library with staff not only reading to children, but acting out the stories. They have adjusted to avoid infringing on copyright. Additionally, Carolina Forest is reading stories and then removing the videos after a short period again to avoid copyright infringement.

- Computer switches have been installed at all library locations, with only a few kinks to iron out. This \$140,000 project was funded with grant money, and will speed up computers.
- Director Thornley has been in phone contact with all branches. Each branch is doing a great job. Statistically, prior to the pandemic, the system was operating so robustly that the numbers carried over, even after the closings and then reduced access caused by the virus.
- The library system is on a waiting list for mobile Wi-Fi units which can be checked out, but Wi-Fi is available outside of buildings.
- Planning is under way for when the system can resume normal hours
- The Bookmobile also has mobile Wi-Fi. The Wi-Fi for outside the buildings is new, but means small outdoor classes can be held in a popup tent, and people can sign up for library cards.
- Betsy Fay asked if a board member should be present for the Council vote on using some of the Thompson funds for the architect's fees and was told it wasn't necessary.
- Director Thornley has culled nearly \$800,000 worth of spending from the budget. She believes during challenging economic times that every agency should cut where it can, and uses a schedule of spending to track how a budget is being spent. She said the money saved is a cushion for the future -- that although the county can't "feel" it yet, the accommodation tax revenue is down 50% this year, which is going to have an impact.
- Director Thornley gave each board member a sample "ear saver" created on the 3D printer in the library. These affix to face mask straps to save friction on ears. The library has sent this item to many people across the state and even country.
- Director Thornley also provided a report from Horry County Treasurer Angie Jones for the interest earned on the Thompson bequest for July. She will be continue updating a running list for the Board.

Marjorie Thompson asked about the status of the Rankin house bequest. Betsy Fay indicated she'd seen Senator Rankin recently, who had said his mother's estate was just finishing probate.

**V. EXECUTIVE SESSION: DIRECTOR'S EVALUATION**

**MOTION:** Betsy Fay moved that the Board go into Executive Session to discuss the Director's Evaluation. Brenda Little seconding, a voice vote was held. **MOTION CARRIED**

Director Thornley and Tracey Elvis-Weitzel left the room. The Board went into Executive Session at 5:15 p.m.

**OUT OF EXECUTIVE SESSION:**

**MOTION:** Karyl Brown moved that the Board come out of Executive Session. Ronald Hughes seconding, a voice vote was taken. **MOTION CARRIED**

The Board came out of Executive Session back into Regular Session at 6:24 p.m.

**VI. ADJOURNMENT:** There being no further business, Chairperson T. Moise adjourned the meeting at 6:24 p.m.
