Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The Horry County HOME Consortium is comprised of three counties located in eastern South Carolina. In addition to Horry County, Georgetown County, and Williamsburg County, the Consortium's jurisdiction includes 15 municipalities. This jurisdiction includes the majority of the Myrtle Beach Metropolitan Statistical Area (MSA), the fourth largest MSA in the state and the second fastest growing MSA in the country. This Annual Action Plan covers a one year time span, from July 1, 2019 to June 30, 2020.

The Horry County HOME Consortium (HCHC) was created in 2018 as a regional collaborative to better assist local jurisdictions within the region with addressing local and regional housing needs. The Consortium Annual Action Plan is a single year comprehensive planning document which outlines the goals and strategies to address housing and community development issues and articulates how federal funds will be used to contribute to these goals.

The Annual Action Plan is required by the United States Department of Housing and Urban Development (HUD) from all jurisdictions receiving annual federal assistance each year. The Horry County HOME Consortium 2019-2020 Annual Action Plan combines the planning and application processes for the Community Development Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant Program (ESG). The Consortium utilizes HOME funds to assist with these goals. CDBG and ESG funds are also included, but are only available for use in Horry County.

Horry County's Community Development Department is the primary agency responsible for submission, implementation, and administration of the Annual Action Plan. Submission of the Annual Action Plan is how the Consortium:

- Will apply for the federal assistance programs listed above;
- Establishes the goals, objectives, and projects it will pursue through its federal grant programs;
- Commits to spend its federal funds to benefit very low, low, and moderate-income residents and communities

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

This Annual Action Plan utilizes five priority needs identified in the 2018-2022 Horry County HOME Consortium Consolidated Plan with associated objectives and outcomes that align with the objectives of

the funding program associated with them. The objectives are often broad in nature and capture a range of community needs.

Priority Need #1 – Affordable Housing Preservation and Development

- Goal 1A: Increase Homeownership Opportunities
- Goal 1B: Increase Affordable Rental Housing Opportunities
- Goal 1C: Provide for Owner Occupied Housing Rehabilitation
- Goal 1D: Reduce Slum and Blight in Residential Areas

Priority Need #2 – Improvements to Public Facilities and Infrastructure

- Goal 2A: Expand and Improve Public Infrastructure and Capacity
- Goal 2B: Improve Access to Public Facilities

Priority Need #3: Addressing Homelessness

- Goal 3A: Provide for Rapid Rehousing Programs
- Goal 3B: Increase and Improve Homeless Prevention Services

Priority Need #4: Expansion of Available Public Services

- Goal 4A: Provide Vital Public Services

Priority Need #6: Economic Development

- 6A: Small Business Assistance (Increase Economic Development Activities & Investments)

3. Evaluation of past performance

The Consortium, in cooperation with other public, private, and non-profit agencies, have made significant contributions to providing safe, decent, and affordable housing to the communities of the region. There has also been considerable progress in addressing homelessness and at-risk populations. Economic opportunities have continued to develop, but there is still a great need for more affordable housing, as documented in the 2018-2022 Horry County HOME Consortium Consolidated Plan.

4. Summary of Citizen Participation Process and consultation process

Citizen participation and consultation is key to the success of the Consortium's public programs. The jurisdiction continues to work with key non-profit organizations in encouraging the participation of the citizens they serve, including many low and moderate-income residents who are the primary targets of HUD-funded programs.

The citizen participation process is designed to encourage all citizens, including persons of lower income, persons of color, non-English speaking residents, and those with mobility, visual, and hearing impairments or other disabilities to participate in determining housing and community development needs in the community.

Below is a summary of the citizen participation efforts taken:

Three community needs assessments will be held to give the public an opportunity to provide input on the housing and community development needs of the region. Meetings will be held at:

May 14, 2019 at 3:00 PM at the Waccamaw Regional Council of Governments, 1230 Highmarket Street, Georgetown, SC 29440

May 15, 2019 at 3:00 PM at the Williamsburg County Library, 306 North Main Street, Hemingway, SC 29554

May 16, 2019 at 4:00 PM at the Horry County Community Development Office, 1515 4th Avenue, Conway, SC 29526

The Horry County HOME Consortium will hold a 15-day Public Comment period to give the public an opportunity to make comments on the Annual Action Plan draft, which will be made available from May 10 to May 24, 2019.

Public hearings will also be held to give the public an opportunity to make comments on the Annual Action Plan draft. Meetings will be held at:

May 21, 2019 at 3:00 PM at the Waccamaw Regional Council of Governments, 1230 Highmarket Street, Georgetown, SC 29440

May 22, 2019 at 3:00 PM at the Williamsburg County Library, 306 North Main Street, Hemingway, SC 29554

May 23, 2019 at 4:00 PM at the Horry County Community Development Office, 1515 4th Avenue, Conway, SC 29526

The Annual Action Plan will be presented to the Administration Committee of Horry County Council on May 28, 2019. Finally, the Annual Action Plan will be presented to Horry County Council on June 4, 2019 at the County Council Meeting for approval.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The Horry County HOME Consortium is the lead agency responsible for HUD's HOME program within the three counties in the state of South Carolina. In addition to the counties of Williamsburg, Georgetown, and Horry, the Consortium's jurisdiction includes 15 municipalities. The Consortium engages in an ongoing effort to coordinate among its local network of public, private, and nonprofit organizations that deliver housing and public services to ensure the needs of the community are met. Moreover, Horry County is solely responsible for administering the CDBG and ESG programs in Horry County.

In addition to the government offices which make up the Consortium, local agencies, nonprofits, and the public were given the opportunity for input contributions to the Annual Action Plan. Through guidance from the 2017 Assessment of Fair Housing (AFH) for the region, the Consortium tried to solicit feedback from agencies and organizations that work specifically with communities with protected classes such as race, color, national origin, age, and persons with disabilities. Efforts were also made to consult fair housing organizations.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The Horry County HOME Consortium works closely with the four Public Housing Authorities (PHA) that operate within the three counties of the region. The PHAs are: The Housing Authority of Conway (HAC), The Housing Authority of Myrtle Beach (HAMB), The Georgetown Housing Authority (GHA) and the Kingstree Housing Authority (KHA). HAC and HAMB operate public housing programs in Horry County, while GHA operates in Georgetown County and KHA operates in Williamsburg County. Through ongoing communication with the PHAs, the Consortium can better address individuals and families that are in need of affordable housing.

In addition, Horry County works with the Continuum of Care (CoC) in the County. The CoC's mission is that every individual and family that is homeless, or at-risk of becoming homeless, is rapidly re-housed or sustained in current housing. The CoC plans, develops, and implements strategies to resolve the housing crisis experienced by these individuals and families. The County also works with the CoC for the Point-In-Time counts. Through collaboration, the Consortium is able to address housing the homeless population.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Horry County is an active member in the Continuum of Care and regularly coordinates with the COC on homelessness issues in the region. The Horry County Community Development Director attends the CoC's monthly meetings and also serves on the COC's grant committee, which include grants for; Permanent Supportive Housing, Transitional Housing, Rapid Re-Housing, Rental Assistance, Emergency Solution Programs (ESG), and Homeless Management Information System (HMIS). The County, with the help of CoC, is responsible for the homeless programming efforts, HMIS, and the Coordinated Assessment System (CAS) programs in Horry County. CAS programs include a centralized point of entry, a coordinated assessment, prioritized wait list for housing and networked referral system.

In 2010, Horry County partially funded and took part in a 10-Year Homelessness Plan. The purpose of the Plan is to increase cooperation between non-profits and local governments. This collaboration will increase the efficiency and effectiveness of programs that assist the current homeless population and those at risk of becoming homeless. The County is currently working with CoC to implement this plan.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

One of the primary strategies for the Continuum in ending homelessness is collaboration. The COC works with Horry County through grants such as ESG and HMIS referrals to achieve this. Members of the Continuum include representatives from multiple public and private organizations including Horry County, the City of Conway, the City of Myrtle Beach, the HAMB, and many subrecipients in Horry County. Through the ongoing meetings and consultation with the Continuum, the County will implement its ESG programs, which includes developing a plan and evaluating outcomes as well as administration of HMIS.

2017 Assessment of Fair Housing	Horry County HOME Consortium	In 2017, the Horry County HOME Consortium completed an AFH, the Consortium's primary tool for identifying contributing factors for fair housing issues in the region. The AFH provides goals, each with strategies and a timeline of measurement for each goal to address these issues and affirmatively further fair housing in the region.

Table 3 – Other local / regional / federal planning efforts

Narrative

Through guidance from the 2017 AFH for the region, the Consortium makes an effort to solicit feedback from agencies and organizations that work specifically with communities serving protected classes such as race, color, national origin, age and persons with disabilities. Efforts are also made to consult fair housing organizations.

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

In an effort to allow citizens in the region to participate in the Annual Action Plan, the Consortium makes an effort to solicit comments and feedback to help guide the planning of entitlement programs in the region. The Consortium adheres closely to HUD's citizen participation guidelines. Below is a summary of the citizen participation efforts taken:

Three community needs assessments will be held to give the public an opportunity to provide input on the housing and community development needs of the region. Meetings will be held at:

May 14, 2019 at 3:00 PM at the Waccamaw Regional Council of Governments, 1230 Highmarket Street, Georgetown, SC 29440

May 15, 2019 at 3:00 PM at the Williamsburg County Library, 306 North Main Street, Hemingway, SC 29554

May 16, 2019 at 4:00 PM at the Horry County Community Development Office, 1515 4th Avenue, Conway, SC 29526

The Horry County HOME Consortium will hold a 15-day public comment period to give the public an opportunity to make comments on the Annual Action Plan draft, which will be made available from May 10 to May 24, 2019.

Public hearings will also be held to give the public an opportunity to make comments on the Annual Action Plan draft. Meetings will be held at:

May 21, 2019 at 3:00 PM at the Waccamaw Regional Council of Governments, 1230 Highmarket Street, Georgetown, SC 29440

May 22, 2019 at 3:00 PM at the Williamsburg County Library, 306 North Main Street, Hemingway, SC 29554

May 23, 2019 at 4:00 PM at the Horry County Community Development Office, 1515 4th Avenue, Conway, SC 29526

The Annual Action Plan will be presented to the Administration Committee of Horry County Council on May 28, 2019. Finally, the Annual Action Plan will be presented to the Horry County Council on June 4, 2019 at the County Council Meeting.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

In 2019, the Horry County HOME Consortium will receive \$1,025,095 in HOME funds to use toward HOME program needs of the Consortium’s service areas: Georgetown, Horry, and Williamsburg counties.

Horry County also administers Community Development Block Grant (CDBG) and Emergency Solutions Grant (ESG) program funding. Horry County receives CDBG and ESG funding directly from HUD as an entitlement grantee. In 2019, Horry County will receive \$1,848,792 towards CDBG programming in Horry County. For the ESG program, Horry County will receive \$175,368 towards emergency solutions in the county.

Table 2 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The Consortium actively participates in the Total Care for the Homeless Coalition, which assists in coordinating Continuum of Care funding. Other resources at the state and federal level (such as the McKinney-Vento Homeless Assistance Act funds) are expected to be available through competitively awarded processes. These resources complement the resources available through the Consortium and further help to meet the affordable housing and homeless needs within the region.

ESG funding requires 100% match. Each recipient of ESG funds will match their allocation with funding in compliance with 24 CFR 576.207. Program match sources must be provided as a part of the application budget. A match audit is conducted at the 50% funding point and again prior to the final payment request of the agency awarded ESG funds. Match sources are also reviewed again as a part of the annual monitoring process.

HOME funding requires a 25% non-federal match. Each recipient of Consortium HOME funds will match their allocation with 25% funding from non-federal sources. These contributions to the project must be permanent. Any match provided in excess of the 25% requirement will be retained by the Consortium and banked for use with future HOME projects. Evidence of match must be submitted with all applications. In the event an applicant cannot provide the required match, they may request a waiver, which may or may not be granted by the Consortium depending on if sufficient match funds are available to cover the deficit.

The HOME match and ESG match are documented each year in the Consolidated Annual Performance and Evaluation Report (CAPER).

Another source of funding for the region is Section 8 rental assistance, which is utilized by the Public Housing Authorities of Conway, Georgetown, and Myrtle Beach to assist families on their waiting lists. The Kingstree Housing Authority does not receive Section 8 rental assistance.

Horry County will utilize a combination of public and private funding to carry out affordable housing, housing rehabilitation, infrastructure, public services, and homelessness activities during the period covered by this plan. The match will be inserted into IDIS when entering the activities that accompany the project.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City of Myrtle Beach will convert publicly owned land into a business incubator/public meeting space which will serve a low to moderate income community.

6	Goal Name	2B: Improve Access to Public Facilities
	Goal Description	<p>Improve access to public facilities that benefit low- and moderate-income areas and households through improvements to public facilities. As well as improved access through accommodations for elderly and disabled residents as needed. In addition, public facilities in low income areas provide centers for the delivery of public services, workforce development training, childcare, services for the elderly, and community policing programs.</p> <p>Expand and improve access to funding sources in the area through partnering with local lending institutions to leverage public and private funding.</p> <p>Increase funding for recreational facilities by increasing recreational facilities and programmatic opportunities in targeted LMI areas, RECAPs and Focus Areas, and construct new facilities and/or complete the rehabilitation & improvement of existing public facilities.</p> <p>Includes:</p> <p>AFH Goal 1: Expand and Improve Access to Funding Source</p> <p>AFH Goal 8: Increase Funding for Recreational Facilities</p>
7	Goal Name	3A: Provide for Rapid Re-housing Programs
	Goal Description	<p>Provide for Rapid Re-housing Programs through use of Tenant-based rental assistance (TBRA), rapid-rehousing, and housing added for homeless persons. Rapid re-housing programs for the prevention of homelessness are coordinated by the Consortium and members of the COC.</p> <p>Expand and improve access to funding sources in the region through partnering with local lending institutions to leverage public and private funding.</p> <p>Increase fair housing enforcement by mapping opportunity areas and encourage development of affordable housing in areas when possible.</p> <p>Includes:</p> <p>AFH Goal 1: Expand and Improve Access to Funding Source</p> <p>AFH Goal 5: Increase Fair Housing Enforcement</p>

8	Goal Name	3B: Increase & Improve Homeless Prevention Service
	Goal Description	<p>Increase and improve homeless prevention services in the region through coordination with the COC and local service providers of the homeless population in Horry County. The Homeless Management Information System (HMIS), a local information system used to collect data on the homeless population will also be used to help with the prevention of homelessness in the county by identifying persons who are at-risk of becoming homeless. The Housing Authority of Myrtle Beach also runs several programs designed to help assists homeless families and veterans.</p> <p>Expand and improve access to funding sources in the region through partnering with local lending institutions to leverage public and private funding.</p> <p>Increase fair housing enforcement by mapping opportunity areas and encourage development of affordable housing in areas when possible.</p> <p>Includes:</p> <p>AFH Goal 1: Expand and Improve Access to Funding Source</p> <p>AFH Goal 5: Increase Fair Housing Enforcement</p>

9	Goal Name	4A: Provide Vital Public Services
	Goal Description	<p>Provide vital public services for low and moderate-income households. The Consortium will work with its local community partners to find and provide adequate vital public services that meet the needs of the residents, which also include the elderly and disabled population.</p> <p>Supportive services that serve special needs populations in the area. The special needs population has been identified as the elderly, persons with a disability, persons and households with alcohol and/or drug addiction, and persons living with HIV/AIDS.</p> <p>Expand and improve access to funding sources in the area through partnering with local lending institutions to leverage public and private funding.</p> <p>Increase fair housing enforcement by mapping opportunity areas and encourage development of affordable housing in areas when possible.</p> <p>Support educational enrichment opportunities and programs through opportunities for after school programs, youth mentoring and tutoring programs, summer camps, reading programs, etc.</p> <p>Increase employment training and small business development opportunities by coordinating with regional workforce and educational agencies to expand workforce training opportunities and small business development opportunities.</p> <p>Increase economic development activities and investments by exploring opportunities and financing for expansion of public infrastructure including rail lines and major roadways as well as industrial parks.</p> <p>Includes:</p> <p>AFH Goal 1: Expand and Improve Access to Funding Sources</p> <p>AFH Goal 5: Increase Fair Housing Enforcement</p> <p>AFH Goal 7: Support Educational Enrichment Opportunities and Programs</p> <p>AFH Goal 9: Increase Employment/Training and Small Businesses</p> <p>AFH Goal 10: Increase Economic Development Activities and Investment</p>

10	Goal Name	6A: Small Business Assistance
	Goal Description	Direct financial assistance to small businesses to improve and/or expand their operations. AFH Goal 10: Increase Economic Development Activities and Investment

AP-35 Projects - 91.420, 91.220(d)

Introduction

The projects were developed based on needs and recommendations made by the community, partner agencies, members of the COC, partner PHAs and the members of the Consortium. This guidance helped in the development of the Consolidated Plan's priority needs and goals reflected in this Annual Action Plan. All the projects have the purpose to assist LMI neighborhoods and/or LMI households within the jurisdiction. The Horry County HOME Consortium is the lead agency responsible to administer the HOME program within all three counties and the 15-member municipalities in its jurisdiction. Horry County CD is the lead agency responsible for administering the CDBG and ESG program within Horry County.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The Consortium has identified several locations in the three counties that will receive directed assistance. One of the primary methods for determining geographic regions that will receive assistance is using HUD-identified racially/ethnically-concentrated areas of poverty (R/ECAP) tracts. Addressing R/ECAP tracts was major part of the Consortium's 2017 Assessment of Fair Housing (AFH). HUD defines R/ECAP tracts as:

- 1) Census tracts with a minority non-white population of 50 percent or more
- 2) Tracts with 40 percent of individuals living at or before the poverty line, or is three or more times the average tract poverty rate for the area, or whichever threshold is lower

There were three R/ECAP tracts identified in the region:

- 45051050600 (Myrtle Beach, Horry County)
- 45043920201 (Town of Andrews, Georgetown County)
- 45089970801 (Williamsburg County)

In addition to the HUD-identified R/ECAP tracts, the Consortium will focus on other areas where there is a disproportionately high number of LMI and/or minority households. These areas may not meet the HUD definition of R/ECAP but they are still in need of additional directed assistance to reduce substandard housing, improve public services, encourage economic growth, and prevent the development of R/ECAP tracts. In the AFH, these areas were collectively referred to as Focus Areas and cover the R/ECAP tracts listed above.

Table 5 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

A percentage was not assigned specifically for each geographic target location; however, all the target locations are areas with a large LMI population and allocations will primarily go towards LMI activities. Horry County is the lead agency for the Horry County HOME Consortium and will coordinate with local and state agencies, as well as public and private organizations and non-profits, to implement activities in these areas.

LMI areas were initially determined through data analysis related to the population in the needs assessment portion of the Consolidated Plan. In addition to this, extensive efforts were made to gather feedback from the community through four community needs assessment meetings held in the cities of Conway and Myrtle Beach in Horry County, Georgetown in Georgetown County, and Hemingway in Williamsburg County during the consolidated planning process. Comments received from the public comment period and public hearings for this Annual Action Plan were also taken into consideration.

As mentioned earlier, the Consortium’s 2017 AFH also identified areas in the region where there was a need to reduce substandard housing. Factors that contributed to this were the location and type of

affordable housing, lack of public investments in specific neighborhoods and a lack of affordable, integrated housing for individuals who need supportive services. Areas identified with most need were: R/ECAP census tracts in the region; census tracts with disproportionately high concentrations of subsidized housing and/or Black, Hispanic, foreign-born, and/or LEP populations; the Central City Revitalization Area; Bennett Loop; Racepath; and unincorporated areas. In the AFH, these were collectively referred to as Focus Areas.

The recently released LMISD data, based on the American Community Survey 2011-2015 5-year estimates, produced some shifts in LMI census tracts and block groups in Horry County. Previously identified LMI target areas that have been reclassified under the new LMISD will be surveyed to certify their target area designations.

Affordable Housing

AP-55 Affordable Housing - 91.420, 91.220(g)

Introduction

The affordable housing activities undertaken will address the needs of the homeless and non-homeless. The Consortium will work towards this through the use of a plethora of tools including rental assistance, the development of new affordable housing units, and the rehabilitation of housing units. The annual goals for affordable housing are provided below.

One Year Goals for the Number of Households to be Supported	
Homeless	55
Non-Homeless	29
Special-Needs	0
Total	84

- Homeowner Housing Rehabilitated: 21 Household Housing Units
- Rental Housing Added: 4 Household Housing Units
- TBRA: 15 Households Assisted
- Rapid Rehousing: 40 Households Assisted

AP-60 Public Housing - 91.420, 91.220(h)

Introduction

The Horry County HOME Consortium will work closely with the four Public Housing Authorities serving low-income households throughout the jurisdiction. They are:

- The Housing Authority of Myrtle Beach: Provides Section 8 Housing Choice Vouchers
- The Housing Authority of Conway: Provides Section 8 Housing Choice Vouchers and public housing units
- Georgetown Housing Authority: Provides Section 8 Housing Choice Vouchers and public housing units
- Kingstree Housing Authority: Public housing units

Actions planned during the next year to address the needs to public housing

The Consortium, along with each of the four public housing authorities, will work diligently to expand affordable housing opportunities within their jurisdictions and expand services for their residents as well as the communities they serve.

The Consortium will also work with the PHAs to reduce public barriers to affordable housing development in the region. As reported in the 2017 AFH, various contributing factors such as land use and zoning laws, admissions and occupancy policies and procedures including preferences in publicly supported housing have contributed to a lack of access to publicly supported housing in the region.

The Housing Authority of Conway strives to maintain diverse communities throughout their service area. The HAC provides for a variety of supportive services including educational enrichment activities at all of its housing developments.

The Housing Authority of Myrtle Beach will continue to update its HCV waiting list, which contains the households who have been called in to receive a voucher and those who have a voucher and have not yet located housing. The list previously contained 696 households. In February 2019, HAMB accepted pre applications for the HCV program, with 1,000 pre-applicants to be selected randomly for the waiting list. The HAMB is committed to assisting these individuals to locate suitable housing opportunities.

The Georgetown Housing Authority will continue to serve its residents by offering a variety of supportive service activities including after-school youth centers, early childhood education programming, adult education and literacy programming, job training, healthy living programs, financial literacy, and homeownership programs. In addition to these supportive service programs, the GHA will continue to provide for community betterment programs such as tree planting, recycling, and neighborhood clean-ups.

The Kingstree Housing Authority received a commitment for an FHA loan to renovate 140 units of public housing in a development that it owns and manages. The planned renovations include painting, installation of ceiling fans, upgraded flooring, replacing ranges, upgrading plumbing and bathroom fixtures, installing accessible tubs and glazing existing tubs, as well as installation of gutters.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

HAMB runs a Family Self-Sufficiency Program (FSS) which is designed to help HCV families become economically independent. HAMB also administers a HCV Homeownership Program which provides vouchers to first-time homeowners if they meet income and other eligibility requirements such as employment requirements and homeownership counseling.

The HAC, KHA, and GHA all offer financial literacy training programs as well as home stewardship classes which are aimed at assisting residents to become ready for homeownership opportunities.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

None of the four public housing authorities in the region are considered troubled.

AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)

Introduction

Horry County continues to focus on efforts to address the root causes of homelessness and chronic homelessness.

While it is difficult to accurately measure the number of individuals and families that are at risk of becoming homeless, the Consortium remains committed to a "Housing First" philosophy through funding and coordinating with programs that identify those that are "at-risk," attempt to intervene prior to homelessness occurring, to re-house those that do experience homelessness as soon as possible, and to provide key supportive services.

Horry County, in partnership with the regional Continuum of Care (COC), is working to strategically align the County's ESG programming with COC priorities. This includes coordinating application funding reviews between the two organizations. For example, applications for CDBG public service funding submitted via the NOFA process will receive bonus points if they strategically align with the COC and ESG programs. The COC's headquarters are located in Myrtle Beach, which allows for close collaboration between the two entities. The COC itself underwent an organizational restructuring to better align its efforts with regional initiatives and to position itself to better deliver services to the region's homeless.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Consortium works with area homeless service providers to collaboratively provide a wide range of expertise in housing, and social and supportive services, within each component of the Continuum of Care (COC). Strategies to address homelessness in the COC and region include strengthening and enhancing existing assets, while expanding services to increase effectiveness.

In 2019, Horry County will utilize CDBG funding to support a homeless case manager through a subrecipient agreement with Eastern Carolina Homelessness Organization (ECHO). ECHO currently provides supportive services on a limited basis, but staff is overburdened. CDBG funding will allow for expansion of the service through funding a dedicated case manager to provide specialized attention to clients' needs. Case managers will provide a bridge to supportive services to assist individuals in breaking the cycle of homelessness and will specifically work with participants in connecting them with the benefits, job linkages, and necessary documentation to lower or remove barriers to housing.

The Consortium has been fortunate to have the COC headquartered at a Horry County location within the City of Myrtle Beach. This strategic placement provides the region with strong advocates, highly

trained and experienced resources, and fresh insight into the fight against homelessness. In collaboration with long-standing providers, the municipalities, community leaders and other stakeholders, a high priority has been placed on development and support of homelessness services, from outreach, to emergency sheltering and case management, to the provision of crisis hospitalizations for homeless who need mental health care. It has also emphasized homeless data collection and review via HMIS by initiating a regular HMIS data analysis meeting so that key areas of service are identified. All participants have contributed to renewed efforts to reach out to our homeless community, and assess and serve its needs.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Consortium continues to place high priority on emergency shelter services, transitional housing, services for the homeless, and homelessness prevention. From year to year, its Annual Action Plans reflect this high priority. Horry County and the COC support transitional housing via assistance with rent and utility deposits so that they might sustain housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

As mentioned, the CoC, Horry County, the Horry County HOME Consortium, and Myrtle Beach Housing Authority staff collaborate to provide chronically homeless individuals and families, veterans and unaccompanied youth with pathways to housing and independence across Horry County. All programs are funded either via CDBG or ESG, in addition to COC funding and other leveraged public and private financial sources accessed by our many partners.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Horry County and its subrecipients support, encourage, and facilitate programs and strategies that:

- Provide extremely-low income persons with outpatient services and crisis hospitalizations, in an effort to address fundamental mental health issues that lead to chronic homelessness. In addition to treating mental health issues that can contribute to homelessness, these efforts

enable individuals to receive treatment in their community. The goal of this is to increase participation from at-risk individuals who shirk from the possibility of receiving hospitalization or care away from the support of their community and families.

- Provide creative, community-based housing opportunities for disabled young adults and adults, in an effort to prevent homelessness in this population. The County, the COC, and its many service provider partners collaborate to integrate clients and families into the continuum, and leverage/seek funds to move developmentally and intellectually disabled individuals out of their family homes, group homes, and other facilities into transitional and supportive housing.
- Serve the needs of homeless individuals and families, Horry County is committed to working with the COC to determine the need for an additional emergency homeless shelter in Horry County.

The County works to encourage and facilitate efforts and strategies that align with the strategic efforts of the COC and the ESG program, such as the service areas listed above. Applications from potential subrecipient public service providers are prioritized by way of bonus points if their proposed program(s) align with the COC's efforts and the ESG program.

Discussion

As shown, the Consortium remains committed to homelessness prevention, and to serving the needs of the homeless in collaboration with the COC, its subrecipients, partners, and stakeholders.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The Consortium's mission is to increase homeownership, support neighborhood revitalization, and to provide access to housing free of discrimination. The underlying contributing factor to all these is poverty. To respond to this, Horry County and the Consortium have developed an anti-poverty strategy that was outlined in the 2018-2022 Consolidated Plan. The anti-poverty strategy is the unifying thread that ties housing, homelessness prevention, rapid rehousing, public housing, and other community development strategies together in one cohesive plan for reducing poverty within the region. The Consortium has committed to revitalizing key underserved neighborhoods as a part of this plan.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

In 2018, Horry County assumed the lead role in the HOME Consortium, and completed an Assessment of Fair Housing which was required by HUD to Affirmatively Further Fair Housing in the region. This assessment includes the impact of population growth, segregation and integration, access to a variety of opportunity indicators such as education, transportation and poverty, and disproportionate housing needs in the region. Through this assessment, contributing factors to barriers to fair and affordable housing were identified. Among some of the contributing factors which had negative effects were land use and zoning laws, the location and type of affordable housing, and the availability of affordable units in a range of sizes. For PHAs, some of the contributing factors were admissions and occupancy policies and procedures including preferences in publicly supported housing, and lack of affordable, integrated housing for individuals who need supportive services. The AFH gives guidance to address these barriers through a set of goals with a clear strategy to address these issues, and a measurement of the achievements through a set timeframe and list of measurements. These activities will be carried out throughout the remainder of the 5-year consolidated planning period.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

In addition to the proposed actions outlined in the Action Plan, the Consortium will also work towards the actions listed below. These actions are planned to:

- Address obstacles to meeting underserved needs.
- Foster and maintain affordable housing.
- Reduce lead-based paint hazards.
- Reduce the number of poverty-level families.
- Develop institutional structure.
- Enhance coordination between public and private housing and social service agencies.

To work towards these other actions, the Consortium will work with its partner organizations and other local and regional service providers.

Actions planned to address obstacles to meeting underserved needs

The Consortium recognizes the need to support educational enrichment opportunities and programs for the underserved LMI households of the region. Some of the actions planned are to provide opportunities for workforce development, housing counseling, etc. These services will also be offered through programs funded by CDBG in Horry County.

Actions planned to foster and maintain affordable housing

The Consortium works with area homeless service providers to collaboratively provide a wide range of expertise in housing, and social and supportive services, within each component of the Continuum of Care (COC). Strategies to address homelessness in the COC and region include strengthening and enhancing existing assets, while expanding services to increase effectiveness.

In 2019, Horry County will utilize CDBG funding to support a homeless case manager through a subrecipient agreement with Eastern Carolina Homelessness Organization (ECHO). ECHO currently provides supportive services on a limited basis, but staff is overburdened. CDBG funding will allow for expansion of the service through funding a dedicated case manager to provide specialized attention to clients' needs. Case managers will provide a bridge to supportive services to assist individuals in breaking the cycle of homelessness and will specifically work with participants in connecting them with the benefits, job linkages, and necessary documentation to lower or remove barriers to housing.

The Consortium has been fortunate to have the COC headquartered at a Horry County location within the City of Myrtle Beach. This strategic placement provides the region with strong advocates, highly trained and experienced resources, and fresh insight into the fight against homelessness. In

collaboration with long-standing providers, the municipalities, community leaders and other stakeholders, a high priority has been placed on development and support of homelessness services, from outreach, to emergency sheltering and case management, to the provision of crisis hospitalizations for homeless who need mental health care. It has also emphasized homeless data collection and review via HMIS by initiating a regular HMIS data analysis meeting so that key areas of service are identified. All participants have contributed to renewed efforts to reach out to our homeless community, and assess and serve its needs.

Horry County has recognized a need for housing counseling and will seek to provide education and services for its residents. Horry County will work with HUD approved counseling agencies to provide education on the proper use of credit, avoiding foreclosure, budgeting, dealing with disasters, and the basics of purchasing a home.

Actions planned to reduce lead-based paint hazards

The greatest potential for lead-based paint and other environmental and safety hazards is in homes built before 1980. Within the three counties, there are 58,458 housing units that were built before 1980. During the next year, the Consortium will work to reduce the number of housing units with lead-based paint hazards in units assisted with HOME funds to prevent lead poisoning. This will be accomplished through the evaluation and disclosure of housing that may contain lead-based paint and properly abating and encapsulating lead contamination.

For CDBG, Horry County's Building Department will assist the South Carolina Department of Health and Environmental Control (DHEC) during any construction inspection process; however, this is limited to childhood lead poisoning prevention and detection activities. All pre-1978 housing units undergoing emergency repairs or rehabilitation will have a lead inspection/risk assessment before any physical work begins on the unit. If lead is present, the owner/tenant will be relocated. Also, information is distributed regarding lead-based paint to all residents that participate in any housing program. The county will continue to support programs available through SC DHEC and will develop a lead hazard control program to eliminate lead hazards in housing when a unit undergoes rehabilitation through the CDBG Program.

To the extent that lead-based paint hazards are addressed through rehabilitation, the process the county follows includes:

- Contracting certified lead-based paint inspectors and risk assessors;
- Distributing information on lead-based paint hazards to all households that participate in any housing programs that purchase or rehabilitate homes built before 1978;
- Conducting lead-based paint inspections and assessments as necessary; and

- Implementing environmental control or abatement measures (lead-based paint and asbestos) as required by all federally-funded projects.

Actions planned to reduce the number of poverty-level families

The Horry County HOME Consortium has targeted significant resources within the low-income areas described in the plan. It is intended that resources will spur redevelopment efforts within the targeted areas, effectively increasing capital investments, services, quantity and quality of affordable residences, and re-envisioning of communities through the reduction of blight and improved access to neighborhood amenities and opportunities.

To help to alleviate blight and improve the quality of life for its citizens, Horry County will utilize CDBG funds to support enhanced code enforcement efforts in targeted areas. Code enforcement staff will work collaboratively with Horry County to enforce codes addressing abandoned vehicles, habitable structures, debris, and other violations in accordance with goals stated within this plan.

Horry County will allocate resources to assist in increasing worker skills and education. This has been identified as an essential action to undertake to stimulate economic development and increase worker wages. Since median earnings are generally tied to educational attainment and workforce training, the development of programs to assist workers in expanding or improving their skills and education will be pursued to assist increasing worker wages. In 2019, Horry County will direct CDBG funding toward workforce development through a subrecipient agreement with A Father's Place. This non-profit organization will provide pre-employment services and training for approximately 50 individuals in Horry County.

The tourism industry is vital to bringing in jobs to the region; however, low-wage service industry jobs can contribute to the prevalence of poverty, especially if they are seasonal. The Consortium will work with local economic development agencies to pursue and attract industries that will provide higher paying jobs and year-round employment.

Actions planned to develop institutional structure

The Consortium will continue to have formal and informal working relationships with the four Public Housing Authorities, Community Housing Development Organizations (CHDOs), and other non-profit housing developers and local jurisdictions. The Consortium will also provide workshops and training initiatives to improve the capacity and compliance of regional partners and programs. Finally, the Consortium will strive to encourage partners to leverage federal, state, and private funds to benefit affordable housing opportunities with the region.

Actions planned to enhance coordination between public and private housing and social service agencies

The Horry County HOME Consortium receives its funding directly from HUD and will coordinate affordable housing development with developers throughout the region.

For CDBG, Horry County will work in the county to administer these funds towards partners and programs that help serve LMI areas and LMI households. The county will partner with other public and private housing and social service agencies to frequently coordinate on projects in this plan. The county will also host meetings between local governments, housing providers, social service agencies, and the PHAs to discuss emerging issues in housing, homelessness, and community development.

For ESG, Horry County will continue participating in the COC. The COC, with its plan to end chronic homelessness in 10 years, provides a guide for the county and its partners to coordinate a system of affordable housing and supportive services for the prevention, reduction, and eventual end of homelessness.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)

Introduction

The CDBG program is administered by Horry County within the county for the purpose of assisting LMI areas and households.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	99.00%

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

Each recipient of Consortium HOME funds will be required to match their allocation with 25% funding from non-federal sources. These contributions to the project must be permanent. Any match provided in excess of the 25% requirement will be retained by the Consortium and banked for use with future HOME projects. Evidence of match must be submitted with all applications. In the event an applicant cannot provide the required match, they may request a waiver and it may or may not be granted by the Consortium depending on if there are sufficient match funds available to cover the deficit.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

All properties receiving financial assistance from the Consortium for homeownership and homebuyer activities must ensure that the housing remains affordable to families with incomes of 80 percent or less of the area median for at least the minimum affordability period based on the initial amount of assistance provided. This action plan year funds new construction homebuyer projects where the HOME funds will be provided as a direct subsidy to the homebuyer and will therefore utilize the recapture provision to ensure compliance with the HOME affordability period requirements. Homeownership projects funded during the 2019 program year will have affordability periods between ten (10) and twenty (20) years based on the amount of the direct subsidy provided to the homeowner. The affordability requirements will be enforced with restrictive covenants (or liens) and a promissory note that will be recorded with appropriate County Register of Deeds for either Horry County, Georgetown County, or Williamsburg County - based on the location of the property.

In the event of a voluntary or involuntary sale, the Consortium will recapture the HOME investment before the homebuyer receives a return. The recapture amount is limited to the net proceeds available from the sale. The Consortium shall reduce the HOME investment amount to be recaptured on a pro rata basis for the time the homeowner has owned and occupied the housing measured against the required affordability period. For example, a property with a 15-year affordability period will require that the pro-rata share, subject to recapture, will reduce by 1/15th annually on the anniversary date of the initial purchase closing.

Recapture provisions may permit the subsequent homebuyer to assume the HOME assistance (subject to the HOME requirements for the remainder of the period of affordability) if the subsequent homebuyer is low-income and no additional HOME assistance is provided. Recaptured

funds must be used to carry out HOME-eligible activities in accordance with the requirements of this part.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

All properties receiving financial assistance from the Consortium for acquisition of existing housing units must ensure that the housing remains affordable to families with incomes of 80 percent or less of the area median for at least the minimum affordability period based on the initial amount of assistance provided. This action plan year funds activities that will acquire existing housing units for affordable rental housing opportunities, and will utilize the recapture provision to ensure compliance with the HOME affordability period requirements. Rental housing projects funded during the 2019 program year will have affordability periods between ten (10) and twenty (20) years based on the amount of the subsidy provided to the developer/owner.

The affordability requirements will be enforced with restrictive covenants (or liens) and a promissory note that will be recorded with appropriate County Register of Deeds for either Horry County, Georgetown County, or Williamsburg County - based on the location of the property.

In the event of a voluntary or involuntary sale, the Consortium will recapture the HOME investment before the owner receives a return. The recapture amount is limited to the net proceeds available from the sale. The Consortium shall reduce the HOME investment amount to be recaptured on a pro rata basis for the time the owner has owned the property and made it available for affordable rental housing to an income eligible tenant. For example, a property with a 15-year affordability period will require that the pro-rata share, subject to recapture, will reduce by 1/15th annually on the anniversary date of the initial purchase closing.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The Consortium does not intend or anticipate refinancing any existing debt for multifamily housing that will be rehabilitated with HOME funds per 24 CFR 92.206(b) guidelines.

Emergency Solutions Grant (ESG)

1. Include written standards for providing ESG assistance (may include as attachment)

Please see the attached standards and guidelines.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Continuum of Care (COC) has established a Coordinated Entry System (CES) and Horry County is committed to participating and supporting the COC in utilizing the system. Since 2014, the COC has developed its system with HUD, the state, and technical assistance providers. The COC has implemented CES, which it utilizes to gather information about beneficiaries, identify resources, and to evaluate service needs and gaps to help communities plan their assistance.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

All sub-award applicants for CDBG and ESG funds must submit applications prior to the published deadline, in order to be considered for funding. Applications are usually due around February 1st each year. Once applications are received, staff conducts an "Eligibility Review" of all applications in accordance with 24 CFR 570.200(a) and 570.201-206 for CDBG, and 24 CFR 576.100(a) and 24 CFR 576.101-107 for ESG. During this review, staff determines one or more of the below, based on the funding:

- if the organization is a non-profit;
- if the organization is a qualified for-profit agency or business;
- whether the program meets a national objective;
- whether the program addresses an eligible CDBG or ESG activity; and
- if the program is able to serve all qualified Horry County residents.

If an applicant meets initial criteria, the application proposal is considered eligible for consideration of funding. Staff then provides the Review Committee with a report on any programs that do not meet all the criteria, as well as a copy of all applications and a spreadsheet for application scoring and review.

A second review is then conducted on eligible programs to determine whether the program has clear goals and quantifiable objectives, sound financial and program management, and sufficient ability to leverage funds. In reviewing applications, the Review Committee and County staff may request additional information, make site visits, request a conference with the applicant, or take

other steps to assure a fair and equitable selection/award process.

The Review Committee then meets, and using guidance from the scoring rubric, determines recommendations for each of the applications and a proposed allocation of expected funding. From the recommendations of this meeting, a proposed ESG budget, CDBG budget, and Annual Action Plan are established.

The proposed budgets and Annual Action Plan are presented to the Administration Committee of the Horry County Council for review. Upon approval of the Administration Committee, the Plan is then forwarded to the Horry County Council for approval. A public comment period is opened prior to final approval of the budgets and Plan. Following the Horry County Council's approval of the Annual Action Plan, a completed copy is submitted to HUD. This occurs prior to the submission deadline, which usually occurs on or around May 15.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The Continuum of Care, has formerly homeless persons on its Board of Directors. Its subrecipients work directly with homeless and formerly homeless individuals. Horry County, Georgetown County, and Williamsburg County continue to encourage the underserved to express their needs and concerns to the maximum extent possible. If unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction will work closely with the CoC and other organizations in the community to reach out to homeless and formerly homeless individuals to get their perspective on policies and funding decisions.

5. Describe performance standards for evaluating ESG.

The ESG Program, previously referred to as the Emergency Shelter Grant program, is authorized by Subtitle B of Title IV of the Stewart B. McKinney Homeless Assistance Act. Horry County's ESG performance standards reflect the federal regulations of Title 24 Code of Federal Regulations Part 576 as amended by the Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH) that governs ESG, and the procedures used by Horry County in administration of this grant as directed by HUD.

In addition, standards for financial management and internal controls reflect federal regulations at 24 CFR Sections 84 and 85, and 2 CFR 200. The County is also responsible for compliance with federal regulations at 24 CFR Part 58. These federal laws and regulations are included by reference in Horry County policies and procedures.

General guidelines for activities of the ESG program are listed at 24 CFR 576.100 and other costs

may be eligible under the program provided that they fit the statutory requirement of benefitting homeless persons and assisting their movement toward independent living.

Horry County complies fully with all federal, state, and local non-discrimination laws, and with rules and regulations governing Fair Housing and Equal Opportunity in housing and employment, including:

- Title VI of the Civil Rights Act of 1964
- Title VIII of the Civil Rights Act of 1968 (as amended by the Community Development Act of 1974 and the Fair Housing Amendments Act of 1988)
- Executive Order 11063
- Section 504 of the Rehabilitation Act of 1973
- The Age Discrimination Act of 1975
- Title II of the Americans with Disabilities Act (to the extent that it applies, otherwise Section 504 and the Fair Housing Amendments govern)
- Violence Against Women Reauthorization Act of 2005
- The Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity Final Rule, published in the Federal Register on February 3, 2012

When more than one civil rights law applies to a situation, the laws will be read and applied together.

Horry County's standards call for all participants in its ESG programs to be entered into the Homeless Management Information System (HMIS). ESG funds may be used to pay for the cost of collecting and entering data into HMIS in compliance with HUD standards, and for tracking performance standards.

In addition, Horry County measures whether all participants meet the HUD definition of homelessness in order to qualify, i.e. as Literally Homeless, or as Fleeing or Attempting to Flee Domestic Violence. All participants must have an income of 80% of median family income, or as determined by HUD annually. Households must also demonstrate a reasonable prospect that they will be able to sustain themselves after the period of assistance ends. Horry County ESG guidelines require that the participant selection process be documented to ensure performance standards are met. Documentation must include: income documentation, homeless status, proof of sustainability, Request for Tenancy Approval, unit inspection to ensure Minimum Habitability Standards (MHS) with a Housing Quality Standards inspection, and more.

Horry County's performance standards also include Grounds for Denial to the ESG Program, and Informal Hearings for Participants.

Subrecipient performance standards incorporate these, plus record-keeping and reporting

requirements. These requirements include standards for invoicing Horry County for reimbursement of funds expended for the ESG program, and standards for maintenance of all file documentation and personally identifiable information.
