Mr. Poston discussed the idea of creating an Overlay District for the new Socastee National Historic District area. He gave the Board a brief history of the overlays that had been done for Highway 501, Highway 544 and the Socastee Boulevard. Mr. Poston said the Board could address items such as placing limitations on billboard signs; creating additional landscaping and buffering requirements; limiting the kind and height of new construction, etc. The Board could even restrict the type of new development in the area.

There was a general discussion about creating a Socastee National Historic District Overlay Committee. Mrs. Diane Poston said the Board would have to vote to ask the Horry County Planning Commission to form the Overlay Committee. The Board wants the Committee made-up of the following members: the entire Board of Architectural Review, two Planning Commission members, a representative from the Socastee Coalition, Councilman Gene R.
