B. WW I – Centennial Project- Adam gave an overview of the project. It will occur in 2017. It is still in its infancy, and Horry County is partnering with Coastal Carolina University’s History Department. The project will include a website for sharing stories and histories, as well as a monument. People can also donate artifacts. James Thompkins added that we needed to also make sure to incorporate the Pandemic after WWI; a lot of people lost their lives from this as well as the war.

C. Charlie’s Place Project- Adam gave an overview of the project. Frank Beacham wrote a book entitled “Charlie’s Place” that chronicles the history of Charlie’s Place, the likely true birthplace of the Beach Music and shag. The City of Myrtle Beach is working on a project to draw attention to the importance of this site. Myrtle Beach has asked Horry County to be involved. Myrtle Beach is holding a community meeting in March to gather more information on Charlie’s Place. At this time, no action is needed by the board.
