**DESIGN GUIDELINES**

The BAR uses the Secretary of the Interior’s Standards and any approved Local Design Guidelines to make all informed decisions. These standards are detailed in Section 1710 of the Horry County Code of Ordinances.

**TIME LIMITS**

Upon successful Preliminary Certification, the property will be assessed for two years on the fair market value of the property at the time the Preliminary Certification was made. If the project is not complete after two years, but the minimum expenditures for rehabilitation have been incurred, the property continues to receive the special assessment until the project is completed, but not for more than five (5) years if the project is not complete by that time.

**IMPORTANT NOTES**

**Minimum Expenditures for Rehabilitation:**
The actual costs of rehabilitation must exceed twenty-five percent (25%) of the fair market value of the building.

**Modifications or Amendments:**
Once Preliminary Certification is granted to an application, substantive changes must be approved by the BAR. Unapproved substantive changes are conducted at the risk of the property owner and may disqualify the project from eligibility. Additional expenditures will not qualify the project for an extension of the Special Assessment.

**Final Certification:**
Upon completion of the project, the project must receive Final Certification in order to be eligible for the Special Assessment. The BAR will inspect completed projects to determine if the work is consistent with the approval granted by the BAR pursuant to the Secretary of the Interior’s Standards for Rehabilitation and this Application. If the completed project does not comply with all requirements for Final Certification, Final Certification will not be granted and any monies not collected by the County due to the Special Assessment must be returned to the County.

**Effective Date:**
If an application for Preliminary Certification is filed by May 1 or is approved by August 1, the special assessment is effective for that year. Otherwise, it is effective beginning with the following year. **In no instance may the Special Assessment be applied retroactively.**

**Pending Approvals:**
Are there any approvals pending by any other regulatory or administrative authority which may have a bearing on the modifications or improvements which are subject of this application? If so, specify:
